

Medical Certificate for Motor Vehicle Driver

Transport Operations (Passenger Transport) Act 1994, Tow Truck Act 1973

Transport Operation (Road Use Management) Act 1995

The following information is provided to guide you through the process of when you have a permanent, or long-term medical condition and a medical assessment is required to determine whether you meet the medical criteria for the class of driver licence you currently hold, or the class of driver licence you are applying for.

Your treating doctor will undertake your medical assessment in accordance with the nationally consistent medical standards set out in the Austroads *Assessing fitness to drive for commercial and private vehicle drivers* (AFTD) publication.

Notifying the Department of Transport and Main Roads (TMR)

If you are applying for a licence you must notify TMR about any mental or physical incapacity that is likely to adversely affect your ability to drive safely.

If you hold a Queensland or a non-Queensland licence, you also have a legal obligation to notify TMR of any new, permanent, or long-term medical condition, or any increase in that condition that is likely to adversely affect your ability to drive safely. This must be done before you continue to drive.

TMR can legally require you to give medical evidence (i.e. a current *Medical Certificate for Motor Vehicle Driver (form F3712)* completed by your treating doctor) about whether you meet the medical criteria for the class of driver licence you hold, or the class of driver licence you are applying for.

Getting your completed Medical Certificate for Motor Vehicle Driver (form F3712)

- Make an appointment with your treating doctor to determine if you have a permanent, or long-term medical condition that is likely to adversely affect your ability to drive safely. When making your appointment, advise the receptionist why you are making the appointment as this kind of medical assessment may take longer than a standard consultation. You are responsible for payment of any fees that are charged by health professionals for their services.
- To assist your treating doctor with your medical assessment, complete the health questionnaire on page 1 of the *Private and Commercial Vehicle Driver's Health Assessment (form F3195)* prior to your appointment and give it to your treating doctor. Your treating doctor will complete page 2 as part of their medical assessment and will generally retain the completed form for their records. This form is not compulsory. However, it may assist your doctor in making a medical assessment. For a copy of the form, go to tmr.qld.gov.au/Find-a-form and search 'F3195'.
- You will also need to complete Part 1 of this form prior to your appointment and give it to your treating doctor at the commencement of your medical assessment.
- If the medical assessment has been requested for a particular reason e.g. you have been issued a show cause notice on medical grounds by TMR, you need to advise your treating doctor of this reason. If you need to wear glasses or contact lenses when driving, make sure you take these with you to your appointment.
- If you drive, or intend to drive a vehicle for commercial reasons (e.g. a class MR, HR, HC or MC vehicle, drive a bus or a personalised transport service etc.), you must tell your treating doctor so that you are assessed correctly under the commercial standards in the AFTD.

- If your treating doctor thinks it is necessary, or the AFTD requires it, you may be required to be assessed by an appropriate specialist before your treating doctor is able to provide TMR with an opinion about whether you meet the medical criteria for a driver licence.
- If your treating doctor has referred you to an optometrist or ophthalmologist, Part 3 of this form must be completed by your treating optometrist or ophthalmologist. If you need to wear glasses or contact lenses when driving, take these with you to your appointment.
- Any reports from your specialist, physiotherapist, occupational therapist, optometrist or ophthalmologist must be given to your treating doctor before they can complete Part 2 of this form and provide an opinion regarding your medical fitness to drive.

If there is a delay in seeing your specialist

If there is a delay before you can see a specialist, talk to your treating doctor about whether you meet the criteria to hold a conditional licence. If so, your doctor may issue you with an interim *Medical Certificate for Motor Vehicle Driver (form F3712)* to cover this period on the provision that you have an appointment booked and your medical condition is not likely to lead to an acute incapacity, or loss of concentration before you see the specialist.

Your completed Medical Certificate for Motor Vehicle Driver (form F3712)

You can present this completed form at your nearest TMR customer service centre, or you can send it via:

Email: mcr@tmr.qld.gov.au

Mail: Department of Transport and Main Roads
Locked Bag 2000
Red Hill Rockhampton Qld 4701

Fax: 4931 1624

TMR will consider the opinion of your treating doctor and any recommended conditions/restrictions and make a decision about whether you are eligible for the class of driver licence you currently hold, or the class of driver licence that you are applying for.

Indemnity for health professionals

The *Transport Operations (Road Use Management) Act 1995* provides indemnity against liability, both civilly or under an administrative process, for health professionals who give information in good faith to TMR about a person's medical fitness to hold, or to continue to hold a Queensland driver licence.

Medical Certificate for Motor Vehicle Driver

Transport Operations (Passenger Transport) Act 1994, Tow Truck Act 1973
Transport Operation (Road Use Management) Act 1995

This form has been provided so that your treating doctor, optometrist or ophthalmologist (if required) may provide their opinion about whether you meet the medical and/or visual standards for a driver licence for the class/es of licence you currently hold, or the class of driver licence you are applying for.

Part 1 of this form should be completed by you before giving the form to your treating doctor.

Part 2 should be completed by your treating doctor after considering any report from a specialist, optometrist or ophthalmologist (if required).

Part 3 should be completed by your treating optometrist/ophthalmologist if your vision or eye disorder is not rectified by wearing glasses or contact lenses.

This medical assessment should be conducted in accordance with the national medical standards in the Austroads *Assessing fitness to drive for commercial and private vehicle drivers* (AFTD) publication. This publication is available from the Austroads website www.austroads.com.au. For more information about medical fitness to drive, please visit www.qld.gov.au/transport/licensing/update/medical.
